

ROUSH COUGAR

SH CAR

My other job is building winners for you. Using the same engineering expertise and knowledge, we've cross-bred our unparalleled race car performance into limited edition, staged Roush Cougars you can buy. We

turn them out in three increasingly aggressive configurations, including the impressive

Stage 2 Cougar, a sleek sports

car that will change your

mind about what you

should get for your

performance buck.

Performance. With us, it

isn't just speed. It's

honest engineering,

excellent

workmanship, lasting good

value and continuing leadership.

Roush Cougars.

Where winners are driven.

Just open 'er up and see for yourself.

- Side Skirts • Front Fascia (includes Fog Light Inserts) • Rear Wing • Rear Valence with Polished Stainless Steel Exhaust Tip • Floor Mats • Window Banners & Decals • Roush Suspension System (Includes Performance Springs and Rear Sway Bar) • Tuner Alloy Wheels • Performance Rated Tires

For me, I run several of the best NASCAR racing teams in the business. With our specially-engineered Ford race cars, we've won more than 200 big races and 22 championships in the toughest dogfights like Winston Cup, Busch Grand National, SCCA TransAm, IMSA GTO, NHRA drag racing and even 10 wins in 10 attempts at The 24 Hours of Daytona. So far, we're the most victorious team in the history of Ford racing, and it doesn't seem anyone's likely to catch up soon.
